Also, the cost of the standard mediation service for a low to moderately valued case is sometimes not worth the expense for the attempt to resolve the matter.

This service is the solution. Contact our office to arrange for a conference time or appointment – (206) 613-3111.

* Any matter worth less than \$5,001 is presumed to be in Small Claims court which has its own in court mediator at the time of the hearing. This firm does not provide mediation services for Small Claims Court.
